Pricing Notes & Terms

- **SLP (Schedule for Listing Price):** The SLP Price represents the authorized reseller ceiling price. Resellers may discount below SLP but may not exceed it without written approval.
- **MSRP / List Price:** The Manufacturer's Suggested Retail Price reflects the standard commercial rate. GSA pricing is available separately and not shown in this document.
- **Free Trial:** All base subscription SKUs marked "FREE — 30 Days" include a 30-day complimentary access period. Contracted pricing applies from day 31.
- **Enterprise Plus Tier:** Pricing shown as a range (e.g., \$60,000 – \$140,000/year) reflects minimum and maximum contract values; final pricing is scoped per engagement.
- **GPU Infrastructure:** GPU costs are pass-through at cost and subject to cloud provider rates. Shown pricing is an estimate range; actual billing will reflect usage.
- **Scoped per SOW:** Custom development and certain deployment services are priced via a Statement of Work. Contact your xAQUA account team for scoping.
- **Currency:** All prices are in US Dollars (USD).
- **GenAI / LLM Designation:** SKUs tagged GenAI or LLM are subject to applicable government AI acquisition policies.
- **Effective Date:** This pricing catalog is effective March 2026 and supersedes all prior versions. Prices are subject to change with 30 days' notice.
